G. T. JOHNSON

O. K. STORE, Mt. Vernon, Ky.

LIVINGSTON

The following gentlemen are
spending the week up the river
fishing: J. P. E. Drummond, J.
E. Woodall Bert Whitehead, Chas.
Rice, Jr., W. B. Rice, C. E. Rice,
Walter Rice and R. G. Hampton,
of Lebanon Junction. While at-
tending church Monday evening
Mrs. J. H. Browning was taken
with a very severe neuralgia pain
near the heart, and it was thought
for some time that she could not
survive the attack, but she is much
better at present.

Mrs. E. L. Cockrel is improving
very slowly. She has been in
a very critical condition for some
weeks. Mrs. Susie Mullins in-
forms us that her mother, Mrs.
Mahala Carson is very low at the
home of her son, Steve Carson,
where she is visiting in Jellico. —
Cann Brown, of Mt. Vernon, is
telegraphing at Sinks for a week
in Mr. Bower's place while that
gentleman and his family are visit-
ing in Parksville. We are sure
that all who know Mr. Bowers will
miss him from his post of duty.
—Tint Lear, the bustling grocery
drummer, was here again this week.
We are of the opinion that there
are greater attractions here for
Tint than that of selling groceries.
—J. W. Baker will go to Louisville
Friday to lay in a new supply of
merchandise.

W. O. Dilly, Train Master on
the Louisville Division of the L. &
N., was here on business Wednes-
day last. —H. R. Wade, dispatcher,
was in Lexington a few days the
latter part of the week. —Mr. and
Mrs. Lewis are visiting in Rich-
mond this week. —Mrs. Katie Ma-
gee, of Crab Orchard, is with her
daughter, Mrs. Browning, who is
very sick. —Bro. Pike preached at
the Baptist church Monday even-
ing. —There will be services at the
Christian church Saturday evening
and Sunday morning and evening,
conducted by Bro. Campbell.

Come out and hear him. —Mrs.
Ed Quinn and children are visiting
her parents, Mr. and Mrs. J. B.
Hayes. —Mrs. Nora Jenkins and
little son are visiting relative in
Louisville and Greafensburg, Ky.

—Mrs. W. W. Wright is in Stan-
ford to day (Thursday) shopping.
—Messrs L. H. Davis and J. H.
Dickerson are spending a week on
the banks of Rockcastle fishing. —
Thos Burton, who has for some
months past been in bad health has
taken his bed and is very sick. —A.
Pennington, Jr. has been sick for
several days but is able to resume
his duties as operator again. —
Messrs Frank Jones, of Berea, and
J. M. Row, of Knoxville, Tenn.,
were in town Tuesday and Wed-
nesday. —Joseph Mink, L. & N.
brakeman, from Paris, stopped
over in town Wednesday on his
way from Pineville, Ky., where he
had been visiting his parents. —
Miss Cora Wright left Monday for
Parksville where she will enter a
private school. —Maurice Brown,
agent at East Bernstadt, was down
Saturday evening shaking hands
with his many friends. —Our boys
are beginning to talk base ball, and
we can't see why they don't put
their talk into execution and orga-
nize. We have excellent material
this season and all that is needed
is hard practice and confidence to
make perfect. So boys let's get
together and organize and give our
town the honor of having the win-
ning team of this season. There
is nothing more enjoyable than a
nice game of ball. —I presume the
editor is either satisfied with the
new Livingston correspondent or is
very sympathetic one, as he has
not consigned any of the past let-
ters to the wastebasket, which fact
the correspondent is pleased to note

IT REACHED THE SPOT.
Mr. E. Humphrey, who owns a
large general store at Omega, O.,
and is president of the Adams
County Telephone Co., as well as
of the Home Telephone Co., of
Pike County O., says of Dr. King's
New Discovery: "It saved my
life once. At least I think it did.
It seemed to reach the spot—when
everything else failed." Dr. King's
New Discovery not only reaches the
cough spot; it heals the sore spots
and the weak spots in throat, lungs
and chest. Sold under guarantee
at Chas. C. Davis' drug store, 50c.
and one \$1.00. Trial bottle free.

QUAIL.

In loving remembrance of Rev.
Martin Owens who departed this
life April the 27th at 1. p. m.

He had been in a serious con-
dition for sometime with a com-
plication of diseases. All that
physicians and friends and children
could do was of no avail.

He was 85 years, 3 months and
24 days of age. He was in good
health until last December when
he had a sudden stroke of paralysis
and became almost speechless.
He had been a minister of the
gospel for 58 years and was a
member of the Church of Christ.
He has baptized 2000 people and
has married 415 couples during
his ministry. He was married three
times, his first was to Miss Arthusa
Williams May 16th. 1844. Unto
that union were born seven children
of whom four are living; his second
who was Miss Helen Moore,
married Feb. 20th. 1865 and unto
that union were born five children
of whom four are living; his third
marriage to Mrs. Elizabeth Watson
May 19th 1878. She passed into
that great beyond Jan. 7th. 1908.
This community has lost a good
upright and able citizen. He was
a mason of Woodstock lodge No
639. May the dear ones have the
sympathy, and say, that while the
days without him seem dark and
dreary, it will be only a little while
until they are called home and may
they be ready that they may hear
the words of the Blessed Master,
well done thou good and faithful
servant, enter thou into the joys of
thy lord. And let this dear one
who has gone before be as a beacon
light placed in the windows of
heaven to guide their footsteps
upward and onward until at last
they reach that happy home, where
partings sickness and death come
no more.

A precious one from us has gone,
A voice that is stilled;
A place is vacant in our home,
Which never can be filled.

By a grand-son.
Melvin Owens.

GOOD WORDS FOR CHAMBER- LAIN'S COUGH REMEDY.

People everywhere take pleasure
in testifying to the good qualities
of Chamberlain's Cough Remedy.
Mrs. Edward Phillips of Barclay,
Md., writes: "I wish to tell you
that I can recommend Chamber-
lain's Cough Remedy. My little
girl, Catherine, who is two years
old, has been taking this reme-
dy whenever she has had a cold since
she was two months old. About
a month ago I contracted a dread-
ful cold myself, but I took Cham-
berlain's Cough Remedy and was soon
as well as ever." This remedy is

ANNOUNCEMENTS

We are authorized to announce HON. HARVEY HELM a candidate for Congress from the Eighth district to succeed himself, subject to the action of the Democratic party.

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

We are authorized to announce FELIX BOWMAN as a candidate for County Court Clerk, subject to the action of the Republican party.

THE time having passed for any one else to enter the race for the Democratic nomination for Congress in the Eighth district, it is now the duty of the Committee to declare, the Hon. Harvey Helm, the nominee. For several reasons, we are glad to see the certificate of nomination, thus handed over. The hard fought battle for the first nomination, his splendid efforts and glorious success in the final race, and the untiring efforts in behalf of his constituents entitles him to such honor and distinction. With the "Tall Sycamore" to lead in the fight for Democratic supremacy in the Eighth this fall, we can not only look forward for a grand and glorious victory for himself but also an unprecedented victory for that chief of chieftains the Hon. William Jennings Bryan who is certain to be the leader of the Democratic forces in the great struggle which is soon to come.

AN easy way to get money is to inherit it, says one of the wise guys. That may be one easy way, but not the only one. Another is to get elected to the Legislature and then join with other members in passing a law doubling your salary. That is what some of the Kentucky Legislature wanted done. Somebody in that august body secured the passage of a bill to increase their pay to \$10 per day. Grafting is being reduced to a fine art. "O tempora! O mores!" exclaimed Cicero; and so says every lover of right and justice to-day.—Ex.

POLITICS AND POLITICIANS

Vermont Republicans selected an un instructed delegation to the Chicago convention.

John W. Yerkes has written a letter urging the Republicans of Kentucky to stand by Fairbanks.

Arkansas and West Virginia Republicans will hold State conventions this week. Taft is certain of the instructions in Arkansas.

The Republican State Central Committee of Oregon unanimously endorsed the candidacy of Secretary Taft for the nomination for President.

Gov. Willson named John B. Atkinson, Andrew Cowan and J. W. Porter to represent Kentucky at the conference of Governors in Washington.

The Senate Committee on Pensions has increased the House pension appropriation bill \$12,000,000 to carry out the provisions of the widows' pension bill.

Woodson May, a good democrat and clever gentleman of Somerset, has announced for State Central Committeeman from his district. We hope he will be given the honor.

The Republicans of Pennsylvania in convention at Harrisburg, reaffirmed the action taken last year in endorsing Senator Philander C. Knox for the Presidential nomination.

For the first time in the history of the United States the Governors of all the States will meet together when, on May 1, President Roosevelt will call to order the conference arranged by him. Each Governor will be accompanied by three men of his own choosing.

The Mississippi Republican State Convention at Jackson Wednesday elected Taft delegates. The Foraker element was shut out, but held a separate convention, naming delegates and instructing them for Foraker.

The Board of Prison Commissioners gave out a lengthy statement in reply to the statement issued several days ago by George P. Chinn, who was recently removed as Warden. The board denies that convicts were cruelly beaten and that the contracting firm practically dictates the management of the prison. Mr. Chinn's removal is said to have become necessary because of his failure to enforce proper discipline. Eli H. Brown also issued a personal statement in reply to the attack made on him by Mr. Chinn.

Judge Lewis McQuown, chairman of the Democratic State Committee, will issue a call for a meeting of the State Committee to meet in about a week. The committee probably will meet in Frankfort, and at that time will select a time and place for holding the State Convention. Judge McQuown says it is the general opinion that the precincts should hold conventions, say on Saturday, and the delegates from the precincts meet in a county convention, to be held the following Tuesday, to select delegates to the State Convention.

Because of a severe cold which has confined him to his home, Senator Warner did not resume his speech in the Brownsville affair in the Senate yesterday. A request for leave to print brought fourth objections, and Mr. Warner's speech will now be read by some colleague and in that manner completed.

There is no lack of sympathy for the farmers in their contest with the Tobacco Trust. They have a perfectly good case. The point some of them miss is that night riding is no cure for any of the evils from which they suffer, but that, in the final equation, it will aggravate and intensify the conditions of which they justly complain. Outlawry never yet helped any cause. Soon, or late, the outlaws, themselves, forget their original purpose and strike out blindly from sheer force of habit and bad advisement. Too often criminals take advantage of the situation for their own ends. Thus bad men and worse whisky appear upon the scene and play their part. Disaster can only come from such agencies to the interest sought to be served. Masquerading is cowardly. Cowardice is cruelty. Through these agencies not only is Kentucky brought to blush, but the farmers are put in for consequences which in the long run will prove ruinous. That is the whole case in a nut-shell.—Courier-Journal.

Cold weather is prevailing in Northern Texas and the Panhandle. Snow fell yesterday in Wichita county.

It does all you claim for it and it does not harm. It is another medicine of its kind that does." It is ordered by the Committee that the Republicans of the various voting precincts of Rockcastle county, shall, on the 2nd, day of May 1908 at the hour of 1 o'clock, p. m., meet in mass conventions at the polling places in their respective voting precincts, for the purpose of electing a Republican Precinct Committeeman in each of such voting precincts for the ensuing four years. SHOOTING AFFRAY.—On last Saturday ex-deputy sheriff D. G. Clark and Elza Langford met in the law office of Judge L. W. Bethurum and resumed hostilities which have existed between them for several months. As to how the trouble started we shall not attempt to detail, except that several months ago they had a slight difference at a church near Orlando, later they met at Orlando and each emptied his pistol at the other, Langford receiving a slight wound in the arm. Friends interceded and both parties agreed to let the past be the past, and to stop all hostilities, which it was hoped by everyone would be carried out, as both men are not afraid, and each has a strong following. But unfortunately, they met and but little provocation being necessary the trouble was renewed, Langford falling seriously wounded, one shot taking effect in the head, another in the shoulder and another in the arm, however, the one in the head is the only one of any consequence.

Langford, who was thought to be mortally wounded was as soon as possible taken to the jail residence, no one believing that he could live but a few hours, being unconscious and from the range of the bullet it was known that the same had entered the brain or a part of it, as the bullet split and one-half had come out only a short distance from where it entered.

Dr. H. V. Pennington, head of the Pennington Infirmary, London rode into town just a few moments after the trouble occurred. Knowing his reputation as a surgeon, Dock Langford, a brother of the wounded man, at once called him to see his brother. A consultation was held with the local physicians and it was decided that without an operation death was sure, with it there was one chance out of many against him for recovery. At 8 o'clock the operation was begun and before 12 o'clock, the patient was thoroughly at himself, resting fairly well and the physicians felt sure of his recovery, notwithstanding the fact that he had lost more than two ounces of his brain, that one-half of a bullet from a 38 S. & W. revolver, had gone two inches into his brain and had been taken out and that a dozen or more fragments of bone had been removed from the brain. While he suffers in tensely with his head most of the time and is very restless at times, yet each day shows slight improvements and the physicians believe that he will be able to pull through, although there are many chances against him.

Should Langford recover, it will certainly make Dr. Pennington, who has always made surgery a specialty, an enviable reputation in this county.

Clark at once surrendered and was under guard until Monday when he was released on bond of \$2000. His examining trial is set for to-morrow week.

The Republican Convention which met here Saturday seemed to be a most harmonious gathering. If there were any Hughs or Fairbanks men present, they kept perfectly quiet, giving Taft the unqualified instructions of the county.

Rev. B. S. Davault says that his neighbor and friend J. A. Stokes had a most remarkable snake killing experience a few days ago; that with two shots he killed 11 snakes and wounded another, and going a short distance found another, which he killed with a club. Mr. Davault did not say what kind of a gun was used whether a rifle, pistol or shotgun.

TELEPHONE NOTES:—Telephone companies will shortly serve, notice that fone will be removed from places on toll and party lines where persons persist in "listening in" and rubbernecking and holding receiver off the hook thereby causing confusion, annoyance and delaying business over the wires. When a receiver is "off the hook" it is nearly impossible to ring through. On some lines children seem to make a plaything of the fone. Parents should see that this is not done. Subscribers out on line should "take notice and be governed accordingly looking well to their own interests etc."

Sheriff R. L. McFerron and Deputy, G. S. Griffin took Callie Mullins, Charlie King and Grover Allen to the pen Tuesday. Mullins sent for striking A. Pennington with brass knucks, King for killing a young man by the name of Young, and Allen charged with bigamy. Allen on reaching Frankfort was taken to the Governors office, where he found awaiting him, the most precious and most highly appreciated present he has or will ever receive, a full and complete pardon and on Wednesday night returned to his home in this county in company with the sheriffs who had taken him away, the night before, not as a prisoner but as a free citizen.

While in a legal sense young Allen may have been guilty of the charge yet in a moral sense he was not guilty and we are glad to see him a free man again.

Rev. A. J. Pike has been called as pastor of the Baptist church at this place.

Mr. S. H. Martin is in receipt of a letter from his daughter, Mrs. Elmer Houk, of Jamestown, Ind., stating that Dell Houk, next to the youngest son of Mr. and Mrs. L. T. Honk, is down with what is known as quick consumption and is rapidly sinking. Six weeks ago he was the picture of health. Mr. L. T. Houk added a post script to the same letter stating that there had lately been several deaths from this same disease and that as soon as he could wind up his affairs he would leave that place. Mr. Houk's oldest son died only a few years ago, of consumption but of a different form.

One of the successful farmers of the county was heard to make this remark a few days ago: "The farmers have come to a realization of the fact, that more attention to the farm is the thing needed in Rockcastle, but before we farmers can possibly make any considerable showing or be able to realize the proper reward for our labors, there must be some improvement of the county roads. so that when the crops are ready for market, they can be delivered at a reasonable cost." The author of the above statement is one of the most successful farmers in the county, and "bad roads" says he, is the greatest draw back to the farming industry as well as every other enterprise.

The Stanford Drug Co., partly changed hands again Wednesday, Mr. J. Randolph Harris buying out the interest of Mr. J. A. Walden. The business will now be known as the New Stanford Drug Co., and Messrs. Harris and W. K. Shugars propose to make it an up to date drug store in every particular. Besides adding new lines and replenishing the present stock they will have the store-room worked on, plate glass windows will be put in and many other improvements will be made. These gentlemen are originally from Lancaster but each married Lincoln county girls and have decided to settle down in the best town on the map.—Interior Journal.

Mr. Edmonds, of Alabama who with his wife and baby have been here several days visiting Mrs. Edmonds' parents, Mr. and Mrs. L. T. Welch, is certainly an artist as a sign painter. Quite a number of the merchants, one of the banks and some of the professional men have had their old signs removed and new ones put in their places, all of which are a r. The most striking examples of his skill, are the gold fishes on Fish's windows and the watch sign for S. C. Franklin, which is the work of art and something that only the most skillful artist is able to produce.

Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Toxicous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.

Deputy Sheriff A. H. Parrett, of Jackson county, came over last Saturday and summoned a special venire of forty men to appear before the Jackson Circuit Court Monday, in the case of Babe Sloan charged, with the burning of the store belonging to a man by the name of Isaac. From the number the following gentlemen were chosen as jurors:

J. W. Marler, W. M. Sowder, Bingham Shepherd, Tom Mink, W. M. McQueen, Sr., D. Cummins, Steve Price, J. W. Lee, Gus Stav-

erson, M. C. Sowder, W. H. Brown and W. M. Arnold, Sr.

The other gentlemen returned to their homes in this county Tuesday, thoroughly delighted with their trip, and very extravagant in their praise of the cordial manner in which they were received and treated while there by the citizens of McKee, and especially so, of Judge Faulkner and the county officials, who tendered every courtesy possible to the Rockcastle delegation.

AROUSE ENTHUSIASM

CANDIDACY OF GOVERNOR JOHNSON BRINGS NEW HOPE.

PROBABILITY OF WINNING

Party Leaders See in the Man from Minnesota an Unusual Chance for Victory at the Polls in November.

Chicago.—At the Johnson headquarters in the Grand Pacific hotel there are signs of satisfaction with the turn the presidential nomination contest is taking in the Democratic party. As the Johnson managers see it, the action of the New York state Democratic convention and that of the Michigan Democratic state central committee marked a significant change in the contest. "From now on," said F. B. Lynch, who is in charge of the Johnson campaign, "you will hear much similar news. From now on people who read the papers will know that there is a lively contest on, good-natured though it shall be so far as we are concerned, for the Democratic nomination at Denver. The two official actions of late—I refer to the course taken by the New York state convention and the Michigan state committee—are merely indications of what is going on beneath the surface. The fact is the rank and file of the party are waking up to the opportunity the Johnson candidacy affords. They are beginning to reflect on what a good thing victory next November would be and to consider that with a new candidate like Johnson it is not only possible but probable. The news of the action of the Michigan state central committee was a surprise, but none the less pleasing on that account. It was all the more a surprise because of the fact that we have done no active work in Michigan and supposed, of course, that the state central committee would endorse Bryan and Campau. We had received many encouraging letters from that state, but did not believe that the party leaders would refuse an endorsement to Bryan and Campau in this state which has been so friendly to them in the past.

"Another thing that is significant is that, although we have made no effort whatever to organize in Illinois, quite a number of counties are electing un-instructed delegates to the Springfield convention, and in all such cases failure to instruct means that the delegates are favorably inclined toward Gov. Johnson. The popular response we are receiving in Illinois shows that we have been successful in the field a few months earlier this state could easily have been lined up for Mr. Johnson. We are receiving a perfect deluge of letters from all parts of the state, and largely from friends and supporters of Col. Bryan who believe that the time has come for a new candidate."

Scores of letters are being received at the Johnson headquarters from Bryan Democrats in all sections of the country. While as much attached to Col. Bryan as ever, the writers feel that it would not be wise to nominate him a third time.

A typical letter is the following from W. N. Bremer, a prominent lumber dealer at Niles, O.:

"I reply to you as a Democrat. I have talked of and pondered over this presidential election many times, and have found that John A. Johnson is the man needed to lead us to success. I have worked hard for Bryan in his last campaign, and felt with him. I am now out for John A. Johnson. We can win if he is nominated. I will talk with our delegate here and urge him for Johnson. I have told him Bryan can't win, even if nominated. I have quit politics for the past three years, but will go to work for J. A. J. For if we nominate him he will surely be elected. I will stay by him until the last vote is counted in November. Trust me with any political work you may offer me for his success."

SPECIAL PRIVILEGES TO NONE.

Surrender of government functions to private corporations under guise of protecting the national welfare cannot much longer receive the sanction of an intelligent people who believe the government was instituted for the protection of life, liberty and the pursuit of happiness. As long as government is the fountain of special privileges, powerful interests will dominate legislation, law will be dictated by the corrupt lobby, corporations will control legislators and even judges, and executives will betray their trusts. As long as the law of the land is made the source of corporate dividends, the campaign contributions of corporate interests will control political conventions and the party machine for the nomination and election of its candidates, and our so-called "public servants" will be private agents for the public undoing. There is just one remedy for official bribery and campaign corruption, and that is, to remove the motive by cutting off all government grants of special privilege. The enforced guaranty of equal rights to all will free the party organization from corporate grasp and restore it to the common people.

—GOV. JOHN A. JOHNSON.

When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly; something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat and that is Kodol. It is pleasant to take. It is sold by Chas. C. Davis.

WHEN WEALTH GETTING BECOMES A CRIME.

Personally I would rather be able to write a book that would live a hundred years than be able to amass wealth that would enable those who inherit it to live for generations in luxury, and yet the amassing of wealth may be of vast industrial service to the country and to those who seek honest work and wages.

But wealth getting becomes a crime when the man obtains it by the sale of all his finer instincts, by the sacrifice of his character, by the violation of the nation's laws and by trespass upon the rights of others to the pursuit of liberty and happiness. It is this spirit and not the thing which determines the nobility of a career and the degree of success.

The highest victories may be what the world calls failures.

—GOV. JOHN A. JOHNSON.

THINGS LOOK DIFFERENT.

Washington Begins to See the Probability of Gov. Johnson's Nomination.

Washington, D. C.—Well informed political observers who survey the country from Washington have noted a wonderful change in the campaign for the Democratic nomination at Denver within the last week. No so very long ago it was taken for granted that Col. Bryan would be nominated with practically no opposition—to-day it is a question whether he will be nominated at all. Gov. Johnson of Minnesota has loomed up as the man between whom and Col. Bryan the convention at Denver will have to choose. Gray of Delaware, Olney of Massachusetts, and Harmon of Ohio, are no longer considered in the running. Indeed, the suddenness in which the Minnesota man has come to the front is almost dramatic.

Reports pouring into Washington from all parts of the country indicate that the Johnson men have made a wonderful progress, largely without noise or publicity, in sections of the country where they were not supposed to be at work at all.

As the situation stands to-day, practically all of the New England, all of the eastern states, and a large portion of the southern states will send Johnson, or what is the same thing, practically un-instructed delegates to Denver. Friends of Col. Bryan were somewhat perturbed over reports drifting into Washington regarding such states as Utah, Colorado, Oregon, Montana, Washington, Michigan, and Kentucky. Reports are also coming in that a tremendous Johnson sentiment is appearing in Missouri, and a large number of un-instructed, or Johnson delegates being sent up to the Illinois state convention, revealing an unexpected Johnson strength underneath the surface. All political observers in Washington are agreed that there will be a lively contest for the nomination at Denver.

It is even claimed that two-thirds of the delegates to the convention will be unpledged, and such Democrats as Representative John Sharp Williams, Bourke Cockran, Senator Culberson and Senator Daniels, declare that the Denver convention will be a deliberative body, which, before it nominates, will consider the qualifications of the aspirants and their prospects of winning.

There is a feeling here that Johnson as a poor boy and a self-made man—with a romantic and even tragic life history, coming from an early life in obscurity and poverty as Lincoln's, and now risen to state power and national fame—would make a candidate of such respect-commanding, vote-getting power that under his leadership the Democracy would have a splendid chance of winning.

A GREAT DEMOCRATIC GOVERNOR

Is the title of an exceptionally interesting and concise study of Gov. John A. Johnson of Minnesota in The World's Work for April. Mr. Winthrop B. Chamberlain, the author, sums up somewhat as follows: "Gov. Johnson has often been compared with Lincoln, whom he resembles in physical make-up as well as in the success with which he has overcome unfavorable circumstances and has embraced opportunity as it arose. But his political career thus far recalls rather that of Grover Cleveland up to the time of his triumphant election as governor of New York. Like Cleveland, he was the instrument used by the people of a great state to rebuke political corruption. Like Cleveland, he has proved that the popular reliance upon him was well founded. But he possesses some characteristics valuable in a public man that Cleveland lacked, such as geniality, approachability, readiness as a speaker. He has the courage of Hughes tempered by the tact of Taft. He is as convinced of the supreme necessity of law enforcement as Roosevelt, but less impulsive in denunciation of those who do not agree with him would be quite foreign to his character. It is the charm of his personality that makes a friend of every man who comes within the radius of his influence. Often radical in utterance, he is usually conservative in action. Conservative statesmanship he has never as yet shown in great measure, yet he is sensitive to the thoughts of the masses and knows how to give it effective expression.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. P. L. McFERRON, S. R. C. By JOHN ROBINS, D. S.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Chas. C. Davis.

FARMERS REPORT.

THEIR PRODUCTS IN GOOD SHAPE.

Recent rain and warm sunshine have put the leaves on all the trees and have brought the grass up out of the ground, also helping to push the fruit prospect with greatest encouragement in this county. Farmers say there is every reason to believe there will be an unusually large fruit crop. The cold snaps of ten days ago nipped a few of the peach buds but did not affect the apples. There is little danger now of a heavy frost as the mild winter indicated that the weather conditions are apt to improve from now on.

Other crops that are helped by the rain have been invigorated and general indications of good crops are making the farmers feel hopeful.

Hemp, corn and potatoes will be among the largest crops. The tobacco situation will not affect this section of the state, as little will be grown this year in the Blue Grass.

RELIEF FROM RHEUMATIC PAINS.

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Rollan Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk. At other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by Chas. C. Davis.

Cecil Dills, while out driving in Clark county with a young woman, was drowned, the horse running away and dashing into the river. His companion was rescued.

COLDS THAT HANG ON.

Colds that hang on in the spring deplete the system, exhaust the nerves, and open the way of serious illness. Take Foley's Honey and Tar. It quickly stops the cough and expels the cold. It is safe and certain in results.
